

Virtual Strike Back Envenomation Educational Program

on April 29th, 2021 from 12 noon – 4pm Eastern Time (9am – 1pm Pacific Time)

Included in the Program:

- **Live presentations from several experts in the field of envenomation management**
- **The opportunity to ask questions and receive answers in real time**
- **The program will be fully recorded – allowing you the opportunity to step away and resume viewing the content later**
- **Upon completion, you will receive access to all presentations and several of the referenced resources**
- **A set of virtual reality viewing goggles will be sent to each participant who gives consent to allow a tour of the CroFab® manufacturing process in stereoscopic VR**
