MOCEP General Membership Meeting

MAY 5, 2016
SPRINGFIELD
President’s Update

Douglas Char, MD, FACEP
Mission & Vision

- MOCEP’s mission is to support the highest quality emergency medicine care and to serve as advocates for our patients, our members and our specialty.

- MOCEP aspires to be the leading advocate for high quality emergency care for all people in the state of Missouri.
Our Goals

- Serve as advocates for Emergency Medicine Physicians in the state of Missouri
- Act as a contact organization for the public when questions arise about Emergency Medicine
- Protect and promote access to emergency medical services for the citizens of the state of Missouri
- Offer members beneficial resources and educational opportunities

The Future

- Continue to sell advertising

- Will need to review the job fair from the website. Contract is up soon and if we want out, we may need to give 3 or 6 months notice

- May try to place more education on the website. We may be able to place pre-recorded lectures on the website. This could serve a few goals.
  - Increase new and innovative lectures for the membership
  - Increase faculty development and recruitment from academic centers as we'd probably be using their lectures. Could definitely include lectures by community physicians.
The Future

- Review how using things such as Slack have worked and if want to incorporate that into our committee structures to be more efficient
- Discussing with Dan Theodoro about community outreach to membership.
Thanks for downloading Slack for Windows!

Problems? Try downloading again or pick a different operating system.

Step 1
Double-click the downloaded file (called SlackSetup) to install. Slack should launch once installed.

Step 2
To open Slack when it's not already in use, double-click the Slack icon on your Windows Desktop.
Membership Committee

Brad Barth, MD, FACEP
Tim Koboldt, MD
Membership Committee

Goals

- 2015
  - Obtain membership list and addresses
  - Map membership and identify areas of paucity
- 2016
  - Reach out to KC/St. Joe area groups
  - Consider Emeritus or Retired Status for Membership?
  - Create letter for lapsed members
- Other Ideas?
EMS Committee

Lynthia B. Andrews Bowman, DO, MHA, FACEP
EMS Goals/Outcomes

- Continue work with EMS stakeholders and federal partners to address DEA regulations, applications, interpretation and enforcement of DEA regulations.
  - Outcome: Ongoing. The regulations are needing legislators in the house to co-sign the legislation and then the need for senate co-signors as the legislation progresses.

- Continue to work with EMS stakeholders on drug shortages on state and national level.
  - Outcome: Continue to address drug shortages on local and national level.

- Address need for medical directors from emergency medicine physicians.
  - Outcome: Increased numbers of emergency trained physicians to lead EMS services and provide needed education resources. Physicians to act as EMS Regional Medical Directors.
EMS Goals/Outcomes

- Continue to assist EMS with revisions of TCD regulations and guidelines.
  - Outcome: Updated treatment guidelines, revision of CME requirements for emergency boarded physicians.

- Establish liaisons to be expert emergency medicine resource for EMS Regional Medical Directors.
Grants & Awards Committee

Ted McMurry, MD, FACEP
Mike Szewczyk, MD, FACEP
Awards Program
- Several changes to the awards this year
- RR Hannas Award revamped to honor a practicing emergency physician in Missouri and an emergency medicine resident from one of the Missouri emergency medicine programs.
- Physicians and residents are nominated by other physicians, nominations are reviewed by the Awards and Grants Committee and approved by the MOCEP Board of Directors.
- Recipients receive a certificate and prize.

Grant Program
- Less active than in the past. Feel this is due to a lack of communication to the residents, program directors and staff.
- Will work this year to improve/increase communication
Legislative Affairs Committee

Christine Sullivan, MD, FACEP
The Legislative Affairs Committee would like to congratulate MoCEP chapter for bringing forth 4 resolutions and co-sponsoring an additional resolution at the ACEP 2015 Councillor meeting, all of which were adopted! Special thanks to Dr. Thomas Pinson and the board for their efforts in drafting the resolutions.

Summary of Resolutions:

- ACEP refine the current policy statement defining urgent care centers to protect patients by ensuring accurate consumer information, provider qualifications, resources available, and costs are available to guide patients when seeking care. Additionally, the resolution requested that ACEP work with CMMS and related hospital and regulatory organizations to determine appropriate credentialing standards for these facilities to ensure public awareness regarding services available when presenting to such care facilities.

- CME burden in that board certification attests to appropriate knowledge in emergency medicine and that the State of Missouri through its Time Critical Diagnosis (TCD) initiative mandating 8 hours of CME for 3 diagnoses only will diminish education in other clinical areas important to our practice. The resolution requested that ACEP work with organizations (such as American Hospital Association and American Heart Association) to understand the comprehensive knowledge base of board certified/eligible EM physicians.
Summary of Resolutions (cont’d):

- That ACEP develop a policy statement to address current regulations regarding minimal arbitrary procedural numbers for credentialing and work with organizations such as TJC, CMMS, and the American Hospital Association to recommend appropriate credentialing standards for EM physicians. As an example, many EM physicians (particularly in small and/or rural hospitals) may be required to perform 5 central lines a year but may remain competent in this skill without having the opportunity to place that arbitrary number of lines.

- That ACEP issue a statement declaring that EM physicians should be reimbursed for ultrasound performance and interpretation as part of EM care in the ED and support efforts to reduce payment denials.

- A co-sponsored resolution to increase the number of EMRA Council representatives from 4 to 8 members. In 1992 EMRA was given 4 seats on the Council when it had 2,500 members and currently has over 6,500 members in addition to several thousand medical student and alumni members. As this organization represents the “future” of EM we should encourage early active participation of EMRA members.
Education & Programming Committee

Christopher Sampson, MD, FACEP
Accomplishments

- MOCEP Reception at ACEP National meeting was well attended
- Growth of Advocacy Day in January at Missouri State Capitol Building
- MOCEP annual meeting to be held in conjunction with the Tom Steele Symposium
- Addition of Missouri to SEC ACEP Conference with MOCEP faculty (Drs. Sampson and Koboldt) giving presentations at meeting
2016 Advocacy Day
Objective for Coming Year

- MOCEP reception to continue at ACEP national meeting
- Advocacy Day to continue in 2017
  - Save the date: January 25, 2017
- MOCEP annual meeting, need to decide when/where to hold the event for 2017
  - Options: MSMA Annual Convention (March 31-April 2, Kansas City); Tom Steele Symposium (April 2017, Springfield); SEC ACEP
- Possible online educational opportunities
- Possible city receptions

</tbody>
</table>
ITLS Update

- Web Site itrauma.org now has You tube channel, and video and written policy statements.
- New ITLS Instructor course: Missouri Piloted this

How MOCEP can help:
Missouri trauma regs only require flight crew have trauma training, most audit ATLS. There are no regs that specify training for trauma for ground EMS providers. ITLS is custom made for out of hospital providers. We need local medical directors to promote, require, all their providers to have this valuable training. ITLS is a program developed originally by ACEP. As ambulance providers try cut costs, they may prioritize what they offer. WE need MOCEP’s help in working this program into all of the ambulance services. Probably a large number of medical directors in MO are ACEP? They can have a direct impact on what course their services should have. The competitor has a course called PHTLS which is endorsed by American College of Surgeons. Our Course, ITLS is endorsed by ACEP. As we do more courses, we will improve trauma care and the knowledge of MO EMS Providers.

PAC Committee

Brian Robb, DO, FACEP
What is our EMPAC?

ARTICLE I

Name and Definition

The name of this organization is the “Missouri Emergency Medicine Political Action Committee,” hereinafter sometimes referred to as “Missouri EMPAC.” It is a voluntary, non-profit, unincorporated Committee of individual emergency physicians and others, and is not affiliated with any political party.
Purpose of EMPAC

- To promise and strive for the improvement of government by encouraging and stimulating emergency physicians and others to take a more active and effective part in governmental affairs.

- To encourage emergency physicians and others to understand the nature and actions of their government, the important political issues, and the records of officeholders and candidates for office.

- To assist emergency physicians and others in organizing themselves for more effective political action and in carrying out their civic responsibilities.
  - To maintain Missouri EMPAC finances as a separate and segregated fund maintained and administered by the Missouri Chapter of the American College of Emergency Physicians (Missouri Chapter ACEP), and to contribute to political candidates and engage in other activities as deemed appropriate by the Committee.

- To perform other functions as necessary or desirable for the attainment of the purposes stated above.
MEMBERS OF EMPAC

- President MoCEP
- Immediate Past President MoCEP
- Chairman Governmental Affairs Committee
- Executive Director of MoCEP
- Two At Large Members

Issues Important to MoCEP / EMPAC

- Helmet laws
- Seat belt laws
- Tort liability issues
- Licensing issues – Physicians / Nurses
- Prescription drug monitoring
- Reimbursement
- ACA / Health Exchanges
- Time Critical Diagnosis – Stroke / STEMI / Trauma
- Missouri Healthnet – Medicaid
- Free Standing Emergency Centers
- Telehealth / mobile healthcare innovation
Contributions

- Limited in past
- Recommendations by Jorgen
- “Keeping powder dry” for current and future use
- Contribute to legislators who support our goals
- Continue to raise funds and monitor need for use
